CONSUL'S WIFE LOST HER GOWN.

It Was the One Mrs. Samuel Smith Had Brought All the Way From Moscow to Wear at the Inauguration Ball.

If the trunks of Mrs. Samuel Smith, wife of the United States Consul-General at Moscow, had been examined by customs officers when they were landed on Wednesday last from the Kronprinz Wilhelm, the police would have a much easier case to handle in their search for more than \$1,000 worth of baggage.

PANAMA FEES FAVORED BY ROOSEVELT

Canal Commissioners Told They Could Accept Railroad Pay.

FACTS FOR CONGRESSMEN

Committee Witness Tells of White House Visit; New Light on Isthmian Affairs.

WASHINGTON, Feb. 18.—The following extract from the minutes of the Isthmian Canal Commission of its meeting, held Oct. 11, last, explanatory of the directors' fees taken from the Panama Railroad Company by members of the Canal Commission, was laid before the House Committee on Interstate and Foreign Commerce at the conclusion of its hearing today by Chairman Hepburn, having been received by him from Commissioners Harrod and Grunsky in letters dated today.

The Commissioners were also informed by the Chairman that at a recent conference with President Roosevelt the matter of the attendance fees paid to the directors of the Panama Railroad Company was referred to, and that the President desired the Commission to be informed that his order fixing the compensation of the Commissioners was not intended to prevent the acceptance of such fees.

No action in the matter was taken by the committee.

Returned His Fee.

The letter of Commissioner Grunsky incloses a communication from him to Vice-President Drake of the railroad company, of Sept. 18, last, in which he returns "unopened" an envelope containing his fee for the first meeting he attended.

He states that he did not refuse the envelope at the time it was handed him at the close of the meeting because he did not wish to embarrass his associates on the commission.

He says he could not construe the attendance fees as other than compensation, and must decline to accept it.

The investigation of the affairs of the Panama Railroad was continued today before the sub-committee of the House on Interstate and Foreign Commerce, Vice-President Drake resumed his testimony. Chairman Hepburn immediately took up the matter of payments for attendance on the meetings of the board of directors and of the executive committee of the company by members of the Isthmian Canal Commission.

Have members of the Commission on each occasion received their fees for attendance?

"Yes, sir."

"Who, as you remember?"

"All of them except Gen. Davis, who is not a member of the commission."

"Can you furnish the committee with an itemized statement showing the amounts that have been paid to general officers and members of the Isthmian Canal Commission for their attendance at these board meetings of the two boards?"

"Yes, sir. There is a perfect detail of account of every penny spent by the company."

Gen. Drake added that he would include in that statement the dividends paid to them and that it would be practicable for him to bring the record of the transactions of these two boards.

Stage Director for Liebler & Co.'s Productions Tells of Some Risks Men Take.

Speaking of the risks taken by business and professional men, Oscar Eagle, stage director for Liebler & Co.'s productions, says: "Most men will stake their lives on keeping a business engagement. My own experience is a case in point. Some time ago after a acute attack of typhoid pneumonia, I got out of a sick bed to attend to an important matter in connection with staging one of the Liebler & Co.'s productions. I had a racing cough, such as it is impossible to describe. My business associates expected me to die. Three of the best physicians obtainable could do nothing for me. I lost 20 pounds in eleven days and was never so completely run down in my life. That I recovered is regarded by my friends as a miracle. I was about to go to a hospital when Father John's Medicine was recommended to me. After continuous falling under the treatment of the doctors, I
